

creating better places to live, learn, work, travel and play

FOR IMMEDIATE RELEASE – May 12, 2011

Washington, D.C. Regional Office of LCOR Named "2010 Firm of the Year" by NAIOP Chapter

WASHINGTON, D.C. (May 12, 2011) — The Washington, D.C. regional office of LCOR, the real estate investment, development and asset management company, received top honors from NAIOP, the Commercial Real Estate Development Association, Maryland/Washington, D.C. chapter, at its Ninth Annual 2011 Awards of Excellence gala event on May 5, 2011.

The Washington, D.C. regional office of LCOR won the prestigious "2010 Firm of the Year" award, which commends professional leadership within the commercial real estate industry and the community at large. LCOR was selected based on its leadership, service to the local economy, outstanding contributions to local charitable programs and support of the NAIOP Maryland/Washington, D.C. chapter. LCOR was selected for the "2010 Firm of the Year" award by the NAIOP Maryland/Washington D.C. chapter Board of Directors. Mike Smith, vice president of LCOR, served as chapter president from 2009 to 2010 and remains actively involved.

Held at the Willard InterContinental Hotel in Washington, D.C., the 2011 Annual Awards of Excellence gala event honored superior performance in commercial and industrial real estate. The awards program is a continuation of NAIOP Maryland/Washington, D.C. chapter's commitment to serve the real estate development communities of Washington, D.C. and Montgomery, Frederick and Prince George's counties in Maryland.

About LCOR

LCOR is a real estate investment, development and asset management company that makes the most of property opportunities for partners and real estate users, generating strong investment returns while creating better places for the people who occupy the company's office space, live in its condominiums and apartments, and enjoy its transit-oriented developments every day.

LCOR specializes in complex urban development, including large-scale multifamily residential, commercial and mixed-use properties that often integrate housing, office, retail and transportation components. In fact, LCOR has been a pioneer and leader in the development of mixed-use live-work-play environments, as well as public/private development, including government spaces, aviation facilities and infrastructure.
